## CAREER OBJECTIVE

To obtain a challenging position where I can utilize my skills and knowledge, contribute to the success of the organization, and grow both professionally and personally

## EDUCATION

### Kangeyam Institute of Technology

Bachelor of Computer Science and Engineering

GPA: 7.99/10

### Jaycees Matric Higher Secondary School

SSLC

PERCENTAGE: 94.4%

### Jaycees Matric Higher Secondary School

HSC

PERCENTAGE: 82.33%

## PROJECTS

### 1. Cloud-Based Gaming Platform

Developed an online gaming platform that enables users to play lightweight games directly from the cloud with no installation required. Implemented real-time multiplayer features and optimized latency handling using WebSockets and cloud services.

### 2. Smart and Automated College Placement System

Created a system to automate student placement workflows including profile management, eligibility checks, and company coordination. Implemented authentication and admin-student dashboards

### 3. Portfolio Website

Designed and developed a personal portfolio website to showcase projects, skills, and achievements. Built using HTML, CSS, JavaScript for responsive and modern UI.

### 4. Rock, Paper, and Scissors Game Website

Built an interactive game website using JavaScript that allows users to play Rock, Paper, Scissors against a computer opponent. Styled with CSS for a user-friendly interface.

### 5. Expense Calculator

Developed a responsive expense tracking app to add, edit, and manage daily income and expenses. Used JavaScript logic for real-time calculations and data updates.

## INTERNSHIP

Completed a Web development Internship at Skillcraft Technology (Nov 2024), focusing on Frontend and responsive design.

## PUBLICATION

### Smart and Automated College Placement System

International Journal of Engineering Research & Technology (IJERT)

Volume 13, Issue 05, June 2025 | ISSN: 2278-0181

DOI: 10.17577/IJERTCONV13IS05018

## SKILLS

**Languages:** Python, C, Java (Basic), HTML, CSS, JavaScript

**Technologies/Frameworks:** React.js, Node.js, Express.js, MongoDB, REST Api.
